RE Q Mountain Vista Mobile Home Park
Docket: W-02518A-13-0414
Decision # 74605

Sirs:

Enclosed is the Q Mountain Vista Mobile Home Park Water Loss Monitoring Report for the period of January through June 2016. As requested the report displays the gallons purchased, gallons sold, gallons of non-revenue and the percentage of water loss for each of the months for the reporting period. The number of days in each billing cycle is also included since this utility does not have self reporting meters. The meters are read manually each month and as a result, the days in the billing cycle differs from the days billed for water usage from the Town of Quartzsite.

Sincerely,

Michael A. Glover, President

Q Mountain Vista HOA Board of Directors
